

4TH I²PLUS INTERNATIONAL SYMPOSIUM ON INTERFACIAL THERMOFLUID DYNAMICS

DATE: 13:00-, 5th July, 2017

VENUE: Lecture Hall Bld. #503, Katsushika Campus, Tokyo University of Science

< PROGRAM >

- 13:00-** TBA
13:30 Farzam ZOUESHTIAGH, Lille (Professor, Université de Lille 1, France)
- 13:30-** **Local acceleration of non forced wetting by a particle**
14:00 Harunori N. YOSHIKAWA (Associate Professor, Université Nice Sophia-Antipolis, France)
- 14:00-** **Dynamical behavior of macroscopic contact line of droplet induced by the interaction with particles**
14:30 Lizhong MU (Post-doc, Tokyo University of Science, Japan)
- 14:30-** **Measurement of near-interfacial flow by micro-3D PTV**
15:00 Yoshiyasu ICHIKAWA (Ph.D Student, Tokyo University of Science, Japan)
- 15:00-** Break
15:10
- 15:15-** Poster Session
16:15
- 16:20-** **Physics of molecular scale wetting**
16:50 Yasutaka YAMAGUCHI (Associate Professor, Osaka University, Japan)
- 16:50-** **Condensation of vapor injected to subcooled pool**
17:20 Ichiro UENO (Professor, Tokyo University of Science, Japan)
- 17:20-** **Advanced flow measurement for biomedical application**
17:50 Masahiro MOTOSUKE (Associate Professor, Tokyo University of Science, Japan)
- 17:50** Conference Closing
- 17:30-** Small Party (Place: University Cafeteria)
