Re: travel to Japan

Hi Takeshi -

thanks for your answer. Yes, of course I can give the seminar the same day. Is it better to take the train from Kobe or a flight from Osaka?

Sorry for slow response.

If you can arrive at noon to around 1 pm, we will take lunch near Kashiwa station and move to our university. Could you give a talk > on the same afternoon? We will also arrange dinner that night with my assistant and book a hotel room for one night near Kashiwa station.
